With 63 patterns to choose from, **Gift Cards** can be custom-branded to your business and work with your point-of-sale system. Plus they build sales and encourage bounce-back shopping, as well as spreading awareness of your business to new customers.

Turn it into the main attraction

When a customer shops with a Gift Card, they tend to be less price-sensitive. You can encourage Gift Card giving by offering complimentary packaging, or amp up every purchase with **tissue and ribbon** that reflect the look of your business.

Take it up a hot notch

Hot Stamped logos are a high-quality way to turn your bags into walking billboards. And if you use **Hot Stamped bags** as your gift wrap, you'll be putting your company logo in front of even more potential customers.
